

MADE IN ALASKA

EXTERIOR & INTERIOR DOORS

The products in this catalog are manufactured from components typically in stock in Alaska or with a short lead time from Seattle.
Seasonal demand and manufacturer availability can change stocking status and lead times.

Exterior Door Finishing

All doors can be painted in our state-of-the-art climate-controlled paint booth. Having your door finished prior to installation means better quality finishes than on-site painting, and projects can be completed regardless of the weather.

A wide selection of standard colors, along with custom color matching options, are available. Neighbors' standard colors are coordinated with our standard in-stock vinyl-compatible paints, so door and vinyl window or vinyl sliding door colors are easily coordinated.

All finishes applied to fiberglass slabs and composite frames are warranted to the original owner for two years after installation against defects in material, workmanship, peeling, flaking, blistering, or cracking. Finishes applied to primed products have a one-year warranty.

Neighbors Standard Colors

SW7006 WHITE	SW7532 URBAN PUTTY	SW7052 GRAY AREA	SW6069 FRENCH ROAST	BRZ9 SATIN BRONZETONE
SW6258 TRICORN BLACK	SW6233 SAMOVAR SILVER	SW6244 NAVAL	SW6468 HUNT CLUB	SW7592 CRABBY APPLE

Retractable Screens

Our retractable screen doors are a heavy-duty system designed for years of trouble-free use. Unlike other systems ours requires little to no adjustment over the life of the product, even with the seasonal shifting that most Alaskan structures experience.

Interior Door Finishing

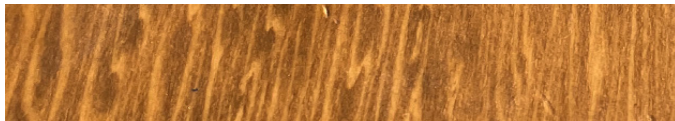

All doors can be painted or stained in our state-of-the-art climate-controlled paint booth. Having your door finished prior to installation means better quality finishes than on-site painting, and projects can be completed regardless of the weather. Custom paint and stain matches are fast and easy or choose from one of our standard paint or stain colors.
